Computer Engineering

- Establishment Year: 2007

- Vision:

    To be in the frontier of Computer Engineering & to produce competent workforce with moral values committed to build a nation.

- Mission:

    Committed to :

    1. To strengthen core competence in Computer Science through analytical learning.

    2.To produce qualified workforce with personal & professional responsibilities & commitment to lifelong learning.

HOD's Desk,

Incharge HOD	The Department of Computer Engineering has been in existence since the 2007 and has grown into a full fledged department with specializations in all the major areas of Computer Engineering. Computer engineers use the basic principles of microprocessors, algorithms, testing and development languages to design and development almost all system products.This program offers students a sound grounding in the fundamentals of computer engineering and prepares them to cater the needs of industry and society. The three year diploma course lays out emphasis on practical work. Along with curriculum provided by MSBTE the various trainings, expert talks, workshops, industrial visits are regularly arranged by the department to provide technical exposure and motivate students to explore emerging trends in Computer Engineering.Various activities are organized to develop soft skills of the students such as In-plant Training, Paper Presentation, Industrial Visits, and Expert Lectures, etc.

Infrastructure & Lab's:
- Network/Internet Lab
- Center Computer Lab
- Programming Lab
- Hardware Lab

➢ Facilities:
  - Ex. Consultancy, Career counselling etc.
  - Library

➢ Success Stories (3 Toppers, Last Three Years):
  - **Academic Year – 2021-22**

Name of Student	Percentage	Grade
